**Alleged violation of Rule 4.20(c)(ii) (Prohibited Activities by License Type: Class BD7 Licensees: Open and Operating Tavern at all Times) when at approximately 5:15 p.m. on February 15, 2024 members of the BLLC and Baltimore City Sheriff’s Department conducted BD7 operations investigations throughout the city to determine if BD7 establishments were operating their taverns in conjunction with their packaged goods store. The inspectors entered in an undercover capacity to see if they would be granted access to the tavern for on premises consumption. When they asked to use the tavern, they were told it was closed and were refused entry inside. The inspectors then proceeded to purchase a six-pack of Jack Daniel’s Black from the package goods area, then exited the establishment after the purchase. Inspectors then made contact with the cashier who stated that the manager had just left and called the manager back to the establishment. The inspectors spoke to the manager and informed them that their employee refused entry into the tavern area. Inspectors also noted that there was a rope across the door cordoning off the bar and hot water and disinfectant solution were not present in the 3-compartment sink for sanitizing drinkware as required. The manager was asked for employee records to help identify with staff working at the time, but they were unable to provide any records. The manager was also unable to provide the inspectors with a 2023 trader’s license for inspection. The alcoholic beverage and changer were returned to the establishment and the departmental \$20 bill was recovered.**

**Alleged violation of Rule 4.07(a) (Open Containers) when at approximately 1:30 a.m. on January 27, 2024 members of the BLLC responded to a 311 complaint regarding loud music, doors open, and/or disturbing the peace. When inspectors arrived at the establishment, they found the complaint to be valid as loud music could be heard emanating from the establishment approximately half a block away. Upon further inspection, the inspectors noted that the front doors were open while a disc jockey was playing music. The inspectors made contact with the manager and made them aware of the complaint and asked them to lower the volume and close the doors. They were also made aware that this would be the final warning issued for the same infraction as they had received a similar warning on December 16, 2023. The manager immediately complied with the request and state that the establishment would be closing shortly. The inspectors remained outside the establishment for several moments making observations of their closing process. From the outside, they observed the security bouncer chatter with another bar staff member while several bar customers walked outside with alcoholic beverages in their hands and observed, approximately 8-10 patrons leave with open mixed drinks/cans from the establishment. After making these observations, the inspector spoke again with the manager and informed them of the violations observed and that a report would be written.**

**Alleged violation of Rule 3.12 (General Welfare) when at approximately 12:15 a.m. on February 24, 2024 members of the BLLC responded to a 311 complaint for loud music, doors open, and/or disturbing the peace. The licensee was advised that the tavern must be open when the package goods area is operating. The licensee argued with the inspector stating the tavern was open and that they were serving as the bartender. The inspector replied stating that the tavern doesn't appear to be open since the door is closed and the lights were off. Upon hearing this conversation, one of the customers asked if the bar was now open.

**Alleged violation of Rule 4.05(b) (Prohibited Hours: § 12-2004(a)(1)(ii) permits licensee to operate 1:00 pm – 9:00 pm on Sundays under certain circumstances) when at approximately 10:58 p.m. on December 31, 2023 members of the BLLC investigated a complaint alleging that this establishment was operating outside the scope of their special Sunday license that allows for the business to sell alcohol on Sundays from 1:00 p.m. to 9:00 p.m. between Thanksgiving Day and New Years Day if the license holder has paid a supplementary fee. The inspector arrived at the establishment and observed that the store had several patrons exiting the establishment with alcoholic beverages they had just purchased. Upon entering the establishment, the inspector also observed approximately 4 patrons inside with one of the patrons in the process of purchasing alcohol. The inspector instructed the manager to stop all sales immediately and informed them that they were operating well beyond the mandated closing time of their special Sunday license and would be issued a violation.**
