Renewal Protest Petition

Baltimore City
Liquor Board

We, the undersigned residents, businesses, and concerned organizations are PROTESTING the renewal of the liquor license for The Choptank, located at 1641 Aliceanna St, Baltimore, MD 21231 for the following reasons:

- Live and recorded music being broadcast from indoors through outdoor speakers during business hours of 11:00 a.m. to 2:00 a.m. Monday through Sunday that is disturbing the peace in the surrounding neighborhood, which is a mixed use area of businesses, apartments and residential properties.
- Live music being performed outdoors.
- Misuse of valet parking area by using the valet area for long-term parking, thereby forcing the valets to use the street and adjacent Broadway Square to do their services, blocking vehicular and pedestrian traffic on the portion of Lancaster St. between the northbound and southbound lanes of S. Broadway.

Residents and businesses alike are concerned about the impact of The Choptank on the general welfare of the neighborhood since their opening in early October 2019. Most concerning to the neighborhood was Choptank's pledge at their application hearing at the BCLB to not have live music outdoors. Broadcasting live music from indoors to the outside still constitutes live music outdoors. Additionally, broadcasting sound from speakers that can be heard 50 feet from a property line is a violation of Baltimore City Code, Title IX, § 9-306. Prohibited conduct — in general. There have been 14 311 calls concerning Choptank's outdoor speaker volume during their first six months of being open.

Choptank Liquor License Renewal Protest Petition

We, the undersigned residents, businesses, and civic or trade organizations are **PROTESTING** the renewal of the liquor license for **The Choptank**, located at 1441 **Udvarns St. Baltimore, MD 21231**, for the following reasons:

- Broadcasting live and recorded music through outdoor speakers during business hours of 11:00 a.m. to 2:00 a.m. Monday through Sunday that disturbs the peace of the surrounding neighborhood, which is a mixed-use area of businesses, apartments, and residential properties.
- Broadcasting live music outdoors without a permit.
- Broadcasting sound which can be heard more than 50 feet from a property line, in violation of Baltimore City Health Code, Title 21, § 5-305.
- Misuse of valet parking area for long-term parking which pushes the valet service into the street and disrupts emergency services, and impedes vehicle and pedestrian traffic.

Residents and businesses alike are concerned about the impact of The Choptank on the general welfare of the neighborhood since their opening in early October 2019. Most concerning to the neighborhood was Choptank's plan to at their application hearing at the BCLE to not have live music outdoors and control its size.

The goal of restricting live music to indoors is to control the impact of sound on the neighborhood. When speakers are used to broadcast live outdoor music to the outdoors, the sound is indistinguishable from live outdoor entertainment, abandoning the goal of a peaceful neighborhood being able to enjoy the outdoors. Baltimore City's decision has received 14 complaints about The Choptank's outdoor speaker volume.

Mr. Douglas K. Paige, Executive Secretary
Board of Liquor License Commissioners for Baltimore City (BLLC)
1 N. Charles Street, Suite 1500
Baltimore, Maryland 21201

23 December 2020

Mr. Paige,

I'm writing to ask the BCLB commissioners to use their licensing power to make The Choptank restaurant at 1615 Aliceanna St. abide by the conditions that they testified to at their initial licensing hearing on 7 June 2018. At that hearing, majority owner Alex Smith assured the board that noise from their self-described "family-oriented restaurant" would not be an issue and that they would not have live music outdoors.

From their opening in late September 2019 to the pandemic closures, the Choptank has had live music seven nights a week. The bands play indoors but the sound is broadcast outside through a series of 15 large PA speakers mounted anywhere from eight to ten feet off of the ground across the one-half block expanse of their outdoor seating area often as late as 1:30 a.m. nightly. During the hours when there isn't a band, the restaurant often broadcasts recorded music. These actions have significantly raised noise levels in the community, with the most affected parties being the tenants of apartments that line both sides of the 700 block of South Broadway, some as little as 50 feet from the Choptank's outdoor area, as well as residents on Lancaster, which is the nearest cross street.

Technically speaking, they don't have live music outdoors, but broadcasting live music from indoors to the outside via speakers is essentially the same as having live music outdoors. This also violates Baltimore City Health Department regulations on the broadcasting of sound from commercial establishments. It does seem that they are operating a restaurant during the day and early evening hours, but late in the evening, the outdoor space becomes something else with large groups of people standing and drinking while listening to live music. This was not the "family-oriented restaurant" concept that Alex Smith promised when he testified at Choptank's licensing hearing.

I'm concerned about this issue for two reasons: 1) as a 30-year resident of South Broadway, the noise generated by Choptank is harming my family's ability to lead a quiet life. This is saying something, because the 700 block of S. Broadway is an active, often rowdy block, and Choptank, with its high tech array of speakers has changed the dynamic considerably, which was no small

feat. 2) I'm also a landlord. My one tenant who has a Broadway-facing apartment is threatening to move out if Choptank continues to use their outdoor sound system. In the 18 years I've owned this building, I've never had a tenant complain about neighborhood noise. Likewise, my apartment, which has six windows on S. Broadway within 50 feet of Choptank's outdoor area, might be unrentable were my family to move. Some of the other landlords in the 700 block are likewise concerned, and at least one landlord has already lost tenants.

When Mr. Smith was asked during the licensing hearing by his counsel to confirm that Choptank would be a "family-oriented restaurant, Mr. Smith promised that "Other than casual conversation and just people pounding crabs with mallets—which is not very loud—noise won't be a cause for concern." I would ask the commissioners to enforce Mr. Smith's stated promise to the community by prohibiting Choptank from using outdoor speakers for any purpose. At least based upon Mr. Smith's statements, this outdoor sound system doesn't appear to be a negotiable addition to his business.

Sincerely,

Glenn Moomau

Violation of Rule 4.16 Illegal Conduct – August 22, 2020 – At approximately 12:30 AM, Baltimore City Liquor Board Inspector Cindy Tudhope, Inspector Rosalba Jordan, Chief John Chrissomallis of the BLLC, as part of the Social Club Taskforce, conducted an inspection of the establishment to ensure that it was operating in compliance with Mayor Bernard C. "Jack" Young's Executive Order issued August 7, 2020. Specifically, Mayor Young's Executive Order issued August 7, 2020 prohibiting indoor consumption of food and/or alcoholic beverages after 10:00 pm and limited such indoor consumption to only 25% of the establishment's maximum capacity rating as per the Baltimore City Fire Department. Upon arriving at the location, Inspectors attempted to gain access to the establishment and found both the front and side doors of the locations locked. Members of the Social Club Taskforce began knocking on the doors to gain entry. While knocking on the doors, Inspectors, on the Eutaw Side street of the establishment, observed individuals on the second-floor bar area looking down at members of the Social Club Task force. Inspectors on the Lombard Street side of the location observed approximately 10 patrons and 1 security guard located on the first floor of the establishment standing at the ground level bar area. After numerous attempts at trying to gain access by knocking on the doors of the establishment with no response, Chief Inspector Chrissomallis proceeded to a carryout located next door, which shared a common door with the establishment, and attempted to gain entry. At that time, he attempted to gain entry, but the door was locked. However, Chief Chrissomallis was able to speak with a patron who was on the other side of the locked common door and was informed by the patron that he was locked inside of the establishment and could not leave. Upon hearing this information, members of the Social Club Task Force contacted the Fire Marshall's office. The Fire Marshall's Office, stated it would respond to the location and gain entry via force to ensure the safety of the patrons locked inside the establishment. At approximately 12:45 AM, the licensee of the establishment, Mr. Fikremariam Worku, walked down the stairs from the second floor and opened the door allowing access to members of the Social Club Task Force. Upon opening the door, Inspectors witnessed about 10 patrons leaving the establishment. When asked why he was operating and why he did not let members of the Social Club Taskforce into the establishment, Mr. Worku stated he was not aware of the new restriction and did not hear the inspectors knocking.

You are hereby notified to appear before the Board of Liquor License Commissioners for Baltimore City at 11 o'clock AM on the 28th day of January 2021, via WebEx Virtual Hearing, to show cause why your Alcoholic Beverages License and other permits issued by this Board to you under the provisions of the Alcoholic Beverages Article, as amended, should not be suspended or revoked as required by this Board by Section 4-604 of said Article, following your conviction and/or violation of said law, to wit:

Location of Incident: T/A Jano Ethiopia, 34 South Eutaw Street, MD ("the establishment").

Violation of Rule 4.16 Illegal Conduct – August 22, 2020 – At approximately 12:30 AM, Baltimore City Liquor Board Inspector Cindy Tudhope, Inspector Rosalba Jordan, Chief John Chrissomallis of the BLLC, as part of the Social Club Taskforce, conducted an inspection of the establishment to ensure that it was operating in compliance with Mayor Bernard C. "Jack" Young's Executive Order issued August 7, 2020. Specifically, Mayor Young's Executive Order issued August 7, 2020 prohibiting indoor consumption of food and/or alcoholic beverages after 10:00 pm and limited such indoor consumption to only 25% of the establishment's maximum capacity rating as per the Baltimore City Fire Department. Upon arriving at the location, Inspectors attempted to gain access to the establishment and found both the front and side doors of the locations locked. Members of the Social Club Taskforce began knocking on the doors to gain entry. While knocking on the doors, Inspectors, on the Eutaw Side street of the establishment, observed individuals on the second-floor bar area looking down at members of the Social Club Task force. Inspectors on the Lombard Street side of the location observed approximately 10 patrons and 1 security guard located on the first floor of the establishment standing at the ground level bar area. After numerous attempts at trying to gain access by knocking on the doors of the establishment with no response, Chief Inspector Chrissomallis proceeded to a carryout located next door, which shared a common door with the establishment, and attempted to gain entry. At that time, he attempted to gain entry, but the door was locked. However, Chief Chrissomallis was able to speak with a patron who was on the other side of the locked common door and was informed by the patron that he was locked inside of the establishment and could not leave. Upon hearing this information, members of the Social Club Task Force contacted the Fire Marshall's office. The Fire Marshall's Office, stated it would respond to the location and gain entry via force to ensure the safety of the patrons locked inside the establishment. At approximately 12:45 AM, the licensee of the establishment, Mr. Fikremariam Worku, walked down the stairs from the second floor and opened the door allowing access to members of the Social Club Task Force. Upon opening the door, Inspectors witnessed about 10 patrons leaving the establishment. When asked why he was operating and why he did not let members of the Social Club Taskforce into the establishment, Mr. Worku stated he was not aware of the new restriction and did not hear the inspectors knocking.

Violation of Rule 3.12 General Welfare – August 22, 2020 – At approximately 12:30 AM, Baltimore City Liquor Board Inspector Cindy Tudhope, Inspector Rosalba Jordan, Chief John Chrissomallis of the BLLC, as part of the Social Club Taskforce, conducted an inspection of the establishment to ensure that it was operating in compliance with Mayor Bernard C. **MAYORAL EXECUTIVE ORDER
PARTIALLY REOPENING RESTAURANTS AND BARS FOR INDOOR DINING AND
RESTRICTING GATHERINGS**

WHEREAS, a state of emergency and catastrophic health emergency was proclaimed by the Governor of Maryland on March 5, 2020, and was most recently renewed on July 1, 2020 to control and prevent the spread of COVID-19 within the state, and the state of emergency and the catastrophic health emergency still exist;

WHEREAS, the Mayor of Baltimore City has declared a State of Emergency for Baltimore City due to the spread of COVID-19, which is still in place;

WHEREAS, the effects of COVID-19 require that local officials be vigilant in advising the citizens of measures they can take to protect health, safety and welfare;

WHEREAS, COVID-19 continues to pose serious health risks for the citizens of Baltimore City, particularly elderly residents and those who are immunosuppressed or otherwise have high-risk medical conditions;

WHEREAS, the Centers for Disease Control (CDC) advises that social distancing is the most effective way of slowing the spread of COVID-19;

WHEREAS, to protect lives and reduce transmission of the COVID19 in Baltimore City, it is necessary for individuals to maintain safe distances from each other;

WHEREAS, although there are now measures in place such as personal protection equipment and sanitation protocols to reduce community transmission, there are indications that the number of COVID-19 cases in Baltimore City is increasing

WHEREAS, evidence suggests that dining establishments and bars are particularly high risk environments for COVID19 transmission. Some studies have indicated the single most effective orders for slowing transmission are social distancing orders related to bar and restaurant operations.

WHEREAS, the latest scientific research and expert guidance support limitations on large gatherings and the use of social distancing practices as a successful method to prevent exposures and transmissions and reduce the threat of COVID-19 to all citizens but are especially important to protect vulnerable populations;

WHEREAS, it is vital to reduce the threat of this illness in the community and it is, therefore, necessary and reasonable to set strict limits on congregating;

WHEREAS, on June 29, 2020, the Mayor issued an Executive Order allowing outdoor events of more than 10 people subject to a limit of 50% of the maximum capacity of the venue and the use of facial coverings and proper social distancing.

WHEREAS, on June 10, 2020, Governor Hogan again authorized local governments to relax certain restrictions on activities and businesses in the State including limited indoor dining and bar activity;

WHEREAS, on June 22, 2020, the Mayor issued an Executive Order authorizing serving beverages and food to customers for consumption in indoor seating areas and on July 22, 2020, due to indications of an increase in cases in the City, the Mayor rescinded the June 22 Mayoral Order as it applied to indoor dining and congregating in an attempt to prevent further transmission of COVID -19;

WHEREAS, on August 5, 2020, the Mayor issued a Mayoral Executive Order partially reopening restaurants and bars for indoor and outdoor dining and gatherings which was to go into effect at 5p.m. on Friday August 7, 2020;

WHEREAS the August 5 order is hereby rescinded and replaced by this Mayoral Executive Order Partially Reopening Restaurants and Bars for Dining and Restricting Gatherings;

WHEREAS, in order to lessen the economic impact of restaurant and bar closures but still slow any further spread of COVID19, limited opening of indoor food and beverage service at restaurants and bars and limitations on congregating in groups are being imposed;

WHEREAS, Order No. 20-06-10-01 authorizes political subdivisions such as Baltimore City to issue local orders that are more restrictive than Order No. 20-06-10-01, such as those requiring any businesses, organizations, establishments, or facilities to close or modify their operations and/or requiring individuals to remain indoors or to refrain from congregating, if deemed necessary and reasonable to save lives or prevent exposure to COVID-1.

Upon arrival at the establishment, BLLC inspectors observed a line of patrons attempting to enter the establishment and could hear unreasonably loud music emanating from the establishment. As inspectors entered the establishment they observed that the establishment was over its 25% capacity (45 persons) as allowed as per Mayor Bernard C. "Jack" Young's Executive Order issued November 12, 2020. BLLC Inspectors performed a head count and observed there to be approximately 75 people inside of the establishment. As per the Fire Department Permit issued to the establishment, the maximum occupancy of the location is 180. At this point, BLLC Inspectors contacted the manager on premises, Mr. Camung, and informed him of the violation. BLLC Inspectors instructed Mr. Camung to not allow anymore patrons into the establishment. A security guard soon appeared on scene to limit patrons entering the establishment. Violation Reporting Facts:

On November 30, 2020 at approximately 7:50 PM, I (Agent Chase) and Agent Clark responded to two 311 complaints # 20-00808003/ #20-00808045, for loud music and concerns about the Covid-19 executive order. The complaints were located at 518 N. Charles St trading as Civil. When we arrived at the establishment we observed a line of people waiting outside to get into the restaurant and a band playing, which was at a high volume. Agent Clark and I proceeded to the inside of the establishment and counted 75 people which included staff, band members and patrons. At this time, we identified the person in control as Francis Camunag and informed him of the complaints. We made him aware that he would receive a violation due to the Mayor's order which at the time only allowed 25% capacity for indoor dining. The establishments capacity is 180 and they are only allowed to have 45 people in the business. While talking with Mr. Camunag we noticed that on this night the business did not have an effective way to control the crowd. Mr. Camunag informed us that he had been trying to handle it. After we explained why he would receive the violation he stated he would take the violation, it is what it is. We instructed Mr. Camunag to not allow anyone else in and to get a security guard to help with the crowd. Within the time that we talked to Mr. Camunag a security guard had arrived and people had started to leave the establishment. We gave Mr. Camunag the violation and departed without any further incident.

MAYORAL EXECUTIVE ORDER
FURTHER CLARIFYING GUIDANCE
Effective November 12, 2020

WHEREAS, a state of emergency and catastrophic health emergency was proclaimed by the Governor of Maryland on March 5, 2020 to control and prevent the spread of COVID-19 within the state, and the state of emergency and the catastrophic health emergency still exists;

WHEREAS, the Mayor of Baltimore City has declared a State of Emergency for Baltimore City due to the spread of COVID-19, which is still in place;

WHEREAS, COVID-19 is an infectious and contagious respiratory disease that continues to pose serious health risks for the citizens of Baltimore City, particularly elderly residents and those who are immunosuppressed or otherwise have high-risk medical conditions;

WHEREAS, the effects of COVID-19 require that local officials be vigilant in advising the citizens of measures they can take to protect health, safety and welfare;

WHEREAS, the Centers for Disease Control (CDC) advises that social distancing is the most effective way of slowing the spread of COVID-19;

WHEREAS, to protect lives and reduce transmission of the novel coronavirus in Baltimore City, it is necessary for individuals to maintain safe distances from each other;

WHEREAS, the latest scientific research and expert guidance support limitations on large gatherings and the use of social distancing practices as a successful method to prevent exposures and transmissions and reduce the threat of COVID-19 to all citizens but are especially important to protect vulnerable populations;

WHEREAS, evidence also suggests that dining establishments and bars are particularly high-risk environments for transmission. Some studies indicate that the single most effective orders for slowing transmission are social distancing orders related to restaurant and bar operations;

WHEREAS, it is vital to reduce the threat of this illness in the community and it is, therefore, necessary and reasonable to set strict limits on congregating;

WHEREAS, the State has implemented measures to reduce community transmission rates of COVID-19, while strategically activating the Maryland Strong: Roadmap to Recovery plan;

WHEREAS, to that end, Governor Hogan has issued a number of Executive Orders allowing for relaxation of certain restrictions on activities and businesses in the State the most recent being an Executive Order dated October 16, 2020 allowing reopening of certain businesses and facilities, subject to local regulation, and generally requiring use of face coverings (“Order No. 20-16-10-02”);

WHEREAS, in response to the various executive orders of the Governor and taking into account the data related to Baltimore City, the Mayor has issued a number of Mayoral Orders aimed at reducing community transmission rates while strategically advancing Baltimore's Public Health & Economic Recovery to COVID-19, the most recent being the September 8, 2020 Mayoral Executive Order Partial Reopening Pursuant to Phase Two;

WHEREAS, Order No. 20-16-10-02 authorizes political subdivisions such as Baltimore City to issue local orders that are more restrictive than Order No. 20-16-10-02, such as those requiring any businesses, organizations, establishments, or facilities to close or modify their operations and/or requiring individuals to remain indoors or to refrain from congregating, if deemed necessary and reasonable to save lives or prevent exposure to COVID-19;

WHEREAS, between October 12, 2020 and Oct 31, 2020, the 7-day averages for rate of new COVID-19 cases per 100,000 increased 125% among Baltimore City residents and for percent positivity for COVID-19 tests among city residents increased by 124%;

WHEREAS, for the period October 2, 2020 through November 7, 2020, the number of COVID-19 patients in acute care beds increased 123% and the number of COVID-19 patients in ICU beds increased 113% in Baltimore City hospitals;

WHEREAS, between September 30, 2020 and November 5, 2020 the daily number (7-day average) of COVID-19 admissions to city hospitals increased by 100%;

WHEREAS, in light of these findings and in order to lessen the economic impact of restaurant and bar closures but still address these increases and slow any further spread of COVID-19, it is necessary to impose additional restrictions; and

WHEREAS, the Mayor of Baltimore City has consulted with public health experts and has concluded that the City must reintroduce certain restrictions in order to save lives or prevent exposure to COVID-19, as set forth herein.

NOW THEREFORE, I, Mayor Bernard C. “Jack” Young, Mayor of the City of Baltimore, in consultation with the Commissioner of Health for Baltimore City and by virtue of the authority vested in me by the Governor’s Orders, do hereby issue the following Executive Order:
