Inspector Jordan and other City agencies were conducting an inspection to ensure compliance with the Executive Order of Mayor Brandon M. Scott, effective March 12, 2021, that imposed certain restrictions to reduce the spread of the COVID-19 pandemic.

As Inspector Jordan approached the front entrance, she observed that there was no door person checking identification or taking a count of patrons entering and exiting. Upon entering the establishment, Inspector Jordan observed that the establishment was overcrowded with some patrons standing—not seated—and not social distancing. Inspector Jordan and other City agency employees conducted a count, finding that there was approximately 46 patrons on the 1st floor and 53 patrons on the 2nd floor. Inspector Jordan noted that at 25% capacity—the maximum allowable under the Mayor's Executive Order—the establishment was allowed to have a total of 20 patrons on the 1st floor and 15 patrons on the 2nd floor. Due to her findings, Inspector Jordan issued the person in charge, Mr. Vasilakopoulos, a violation. Prior to our departure the number of patrons was reduced to an acceptable level.

MAYORAL EXECUTIVE ORDER
FURTHER CLARIFYING GUIDANCE
Effective November 12, 2020

WHEREAS, a state of emergency and catastrophic health emergency was proclaimed by the Governor of Maryland on March 5, 2020 to control and prevent the spread of COVID-19 within the state, and the state of emergency and the catastrophic health emergency still exists;

WHEREAS, the Mayor of Baltimore City has declared a State of Emergency for Baltimore City due to the spread of COVID-19, which is still in place;

WHEREAS, COVID-19 is an infectious and contagious respiratory disease that continues to pose serious health risks for the citizens of Baltimore City, particularly elderly residents and those who are immunosuppressed or otherwise have high-risk medical conditions;

WHEREAS, the effects of COVID-19 require that local officials be vigilant in advising the citizens of measures they can take to protect health, safety and welfare;

WHEREAS, the Centers for Disease Control (CDC) advises that social distancing is the most effective way of slowing the spread of COVID-19;

WHEREAS, to protect lives and reduce transmission of the novel coronavirus in Baltimore City, it is necessary for individuals to maintain safe distances from each other;

WHEREAS, the latest scientific research and expert guidance support limitations on large gatherings and the use of social distancing practices as a successful method to prevent exposures and transmissions and reduce the threat of COVID-19 to all citizens but are especially important to protect vulnerable populations;

WHEREAS, evidence also suggests that dining establishments and bars are particularly high-risk environments for transmission. Some studies indicate that the single most effective orders for slowing transmission are social distancing orders related to restaurant and bar operations;

WHEREAS, it is vital to reduce the threat of this illness in the community and it is, therefore, necessary and reasonable to set strict limits on congregating;

WHEREAS, the State has implemented measures to reduce community transmission rates of COVID-19, while strategically activating the Maryland Strong: Roadmap to Recovery plan;

WHEREAS, to that end, Governor Hogan has issued a number of Executive Orders allowing for relaxation of certain restrictions on activities and businesses in the State the most recent being an Executive Order dated October 16, 2020 allowing reopening of certain businesses and facilities, subject to local regulation, and generally requiring use of face coverings (“Order No. 20-16-10-02”);

WHEREAS, in response to the various executive orders of the Governor and taking into account the data related to Baltimore City, the Mayor has issued a number of Mayoral Orders aimed at reducing community transmission rates while strategically advancing Baltimore's Public Health & Economic Recovery to COVID-19, the most recent being the September 8, 2020 Mayoral Executive Order Partial Reopening Pursuant to Phase Two;

WHEREAS, Order No. 20-16-10-02 authorizes political subdivisions such as Baltimore City to issue local orders that are more restrictive than Order No. 20-16-10-02, such as those requiring any businesses, organizations, establishments, or facilities to close or modify their operations and/or requiring individuals to remain indoors or to refrain from congregating, if deemed necessary and reasonable to save lives or prevent exposure to COVID-19;

WHEREAS, between October 12, 2020 and Oct 31, 2020, the 7-day averages for rate of new COVID-19 cases per 100,000 increased 125% among Baltimore City residents and for percent positivity for COVID-19 tests among city residents increased by 124%;

WHEREAS, for the period October 2, 2020 through November 7, 2020, the number of COVID-19 patients in acute care beds increased 123% and the number of COVID-19 patients in ICU beds increased 113% in Baltimore City hospitals;

WHEREAS, between September 30, 2020 and November 5, 2020 the daily number (7-day average) of COVID-19 admissions to city hospitals increased by 100%;

WHEREAS, in light of these findings and in order to lessen the economic impact of restaurant and bar closures but still address these increases and slow any further spread of COVID-19, it is necessary to impose additional restrictions; and

WHEREAS, the Mayor of Baltimore City has consulted with public health experts and has concluded that the City must reintroduce certain restrictions in order to save lives or prevent exposure to COVID-19, as set forth herein.

NOW THEREFORE, I, Mayor Bernard C. “Jack” Young, Mayor of the City of Baltimore, in consultation with the Commissioner of Health for Baltimore City and by virtue of the authority vested in me by the Governor’s Orders, do hereby issue the following Executive Order:

BE IT ORDERED THAT
